Lift your head baby, don't be scared of the things that
could go wrong along the way
You'll get by with a smile you can't win at everything but
you can try

Chorus

Baby you don't have to worry 'cause there ain't no need
to hurry No one ever said that there's an easy way

When they're closing all their doors
They don't want you anymore
This sound funny
But I'll say it anyway

Girl, I'll stay through the bad times
Even if I have to fetch you everyday
You'll get by with a smile
You can never be too happy in this life

Chorus 2

'Cause in a world where everybody
Hates a happy ending story
It's a wonder love can make the world go round

But don't let it bring you down
And turn your face into a frown
You'll get along with a little prayer and a song
Too doo doo â€¦
Let me hear you sing it
Too doo doo..
(repeat chorus 2)
Lift your headâ€¦
Don't be scaredâ€¦Now, it's time to kiss those tears
away goodbye
Hoo..
Let me hear you play it
(fade)
