You're still shakin'  
With your ass down on Fairfax  
You're out so late  
But nobody said that you are so late

Your friends come hot  
With plenty of cocaine  
But you don't hate  
Who's got your back on the night you hesitate

You could talk all night  
Your mascara paints my bed  
Well it can't be right  
But that's the only way  
That I can get you wet

Well it's all over now  
And you're still the same  
But I'm still, I'm still okay  
Well you got me down  
I was so ashamed  
But you're still, you're still the same

I see you looking for your face on the TV  
And you're smiling back  
But you never looked at anyone real like that

Why'd you think that I was so unwilling  
You loved me so hard  
And it's hard to love  
When you don't know who you are

Say you wanna be saved  
But all your friends are villians  
Oh you hate your way  
Why do you cut yourself - to feel it

Well it's all over now  
And you're still the same  
But I'm still, I'm still okay  
Well you got me down  
I was so to blame

And you're still, you're still the same

All the boy can do is make you mad  
What's wrong with that  
You say you need a man to understand  
But I'm all you have  
Woah..

Well it's all over now  
And you're still the same  
But I'm still, I'm still okay  
And you got me down  
I'm the only one to blame  
Cause you're still, you're still the same

Well it's all over now  
I wish you to stay  
Well I'm still, I'm still okay  
And you got me down  
But I'm not ashamed  
Caused you're still, you're still, you're still..  
The same
