I met her in a room of strangers  
Laughing as I painted her with mind  
Now we meet in darkest places  
More sacred than any place  
You and I could find

Just like you, only sweeter  
Just like you, but more refine  
Just like you, without the bitter  
Unlike you, she never lies

It's a fresh touch, a new way  
A language of our own brought to life  
A slow serenade to the broken  
Drowning out years  
Holding back the tide

When she turns in the shadows  
She calls to me  
And seems to me  
Like you from time to time

(She's) Just like you, only sweeter  
Just like you, but more refine  
Just like you, only deeper  
Just like you, but more alive  
(She's) Just like you, but I can feel her  
Unlike you, she never hides

The soft pulse  
Shakes the whole room  
Quiets the sound of the crowded mind

And then she comes in the shadows  
She feels to me  
Like it used to be  
Before we had to try

(She's) Just like you, only sweeter  
Just like you, with more inside  
(She's) Just like you, without the bitter  
Unlike you, she never lies

Ressurrections just a whisper from your lips  
And it's coming through  
Hard to think of even one thing that I could miss  
When it comes to you

Just like you, only sweeter  
Just like you, but more refine  
Just like you, without the bitter  
Just like you, with nothing to hide  
Unlike you, she never lies  
Unlike you, she doesn't hide

Just like you, only sweeter  
Just like you, with more inside  
(She's) Just like you, only deeper  
She's just like you, but more alive  
(She's) Just like you, but I can feel her  
Unlike you, she doesn't hide  
Unlike you, she never lies  
Unlike you, she's always right here..
