Sometimes you get what you want
Sometimes you get what you need
Sometimes you find everything in me

There's times it doesn't make sense
And I can barely believe
That you still find anything in me

I'm comin' apart, I'm comin' to you
This game has pushed us so far
Can you pull me through?

Maybe tonight, maybe tonight
Maybe tonight, we'll find a place, between you and me

The cost is selling you short
The life that gets in the way
I finally feel strong enough to pray

The words that I couldn't keep
But always meant to say
How can we find the time to fill this space?

I'm comin' apart, I'm comin' to you
This game has pushed us so far
Can you pull me through?

Maybe tonight, maybe tonight
Maybe tonight, we'll find our way
Maybe tonight, we'll find a place, between you and me

We're so close, just make it stay
I have lived to feel this way
It's been down but we're not out
This is all I need right now

Sometimes you get what you want
Sometimes you get what you need
Sometimes you find everything in me

Maybe tonight, maybe tonight
Maybe tonight, we'll find our way

Maybe tonight, we'll find a place, between you and me
