[Bonus Track]

In the corner of your mind
Past the records you have tied
And the photos you keep folded from the light
Out the window, to the streets
They came calling, all the people you'd felt
But you left them far from here
Yeah it's never enough when always want something
new
Do you have to give it all up when it doesn't make
sense to you?
Don't let your memories fade away
Yesterday is calling you
Won't let you get away
Don't live your life like you have to change
Yesterday is calling you, to make it through the day.

Who is this that you've become
You remind me of someone
Have you come here to cross the bridges you have
burned?
Hold your breath to kneed the air
Guess you leave so that you'll care
Without thinking that you ever would return.

Do you have to give it all up when it doesn't make
sense to you?
Don't let your memories fade away
Yesterday is calling you
Won't let you get away
Don't live your life like you have to change
Yesterday is calling you, to make it through the day.

Come back around
Tell me can you hear the sound
It's calling you. (6x)

Don't let your memories fade away
Yesterday is calling you,
Won't let you get away
