[ Red Hot Lover Tone ]

For all my muthafuckin niggas, word to Hurb, we got stupider  
Runnin mad circles round your crew like Jupiter  
Oops, I mean Saturn, rappers sadden  
Cause I madden, I have been, suckers wish they hadn't  
I'm baggin the bitches grabbin my pockets - fatten  
Like Madden, then I just lamp like Aladdin  
So what you gonna do when I come through your town  
With mad niggas who +love+ bein locked down  
Facin convictions, throwin canipions  
I got more riches than them royal Egyptians  
Step to this mic, you're a goner  
Cause Red Hot Lover's right on like Cynthia Horner  
I better warn ya, you'll get your ass kicked, I'm blasted  
That's it, I drop it like a clumsy black bastard  
I'm gettin figures from my rap niggas  
Got my shit-kickers, yo, this is for my niggas

[The Notorious B.I.G.]

Introducun the black bastard from Bedrock  
Guaranteed to make your head rock  
Tote Glocks, drop cops that mistake me for Rodney,  
strictly headshots  
I knock the twist out your dreadlocks  
Who got the props? Biggie  
Who got the Glock? Biggie  
But who is he?  
You can't get my description  
You need a prescription  
Two doses of the ferocoius  
Feel the weight when I'm crushin them  
Bumrushin em, stuffin em  
I put the pressure on em, hon  
Lord have mercy, Jesus Christ

He's just nice, he just sliced  
Like a ginzu, look what I been through  
The Brooklyn streets, the obese thug nigga from the  
East  
The black nine, hard to find muthafucka  
After the rhyme press rewind, muthafucka  
Strictly for my niggas

[Prince Poetry of Organized Konfusion]  
I nod my head cause the flavor hovers over  
The Universal Soldier of hip-hop, somebody shoulda  
told ya  
40 Projects Southside Jamaica Queens, please don't  
[??]Sleepwalk[??] the unforbidden when most MC's  
won't  
Check it, if you ever felt sceptic about my intellect, it's  
Hectic, I'm like antiseptic on record  
Disinfect your [?????], sound seizen your sector  
Local areas, across seas, even in Rome and Mecca  
I'm known, Prince, Organizin with the Red Hot Lover  
And the bad brother Biggie Smalls from another  
Planet called Brooklyn, hey good lookin  
Do you like it, hot chocolate after dark,  
uh, or scared to get you hooked in  
You might have to seek medical attention, the  
unforgettable type  
Representin my niggas rockin, rockin the mic right  
Harcore M.O.P. type shit  
Peace to my other half and my niggas doin bids

[Li'l Fame of M.O.P.]  
I used to start more shit than high school bullies  
I was doin my thing since my nigga Bu-Bang used the  
steel carts for pullies  
I break niggas up like referees  
Put em on point, pack out my joint and makin em move  
like refugees  
Li'l Fame rep, is Brooklyn down still?  
Niggas that fuck around'll catch a beatdown from  
Brownsville  
I'm goin all out the western way  
Old school or new school, I beat your ass like it's  
freshmen's day  
[Billy Danzenie of M.O.P.]  
For y'all wanna-be MC's f.a.g.'s  
You gon' fuck around and make that nigga Bill squeeze  
I'm representin for all mines with nines  
Hardcore's in town, my niggas that get down  
A Hillfigure on the trigger (true)  
Them Crooklyn sounds that pounds and break through  
Stopped puffin the lye, still sippin the brew

So I be on cruise when you snooze and then you loose

[Red Hot Lover Tone]

(It's Li'l Fame, muthafucka - slap, Little Mallet)

Word, and Red Hot Lover Tone tossin suckers like  
salad

Incredible vocabulary comin from the Brooklyn freak  
Peace to Fulton Street

Knuckleheads'll get wrecked with the quick mic-check

My intellect shows no respect for suckers who slept

In fact my rap style attracts

I have your girl lookin for me in broad daylight with a  
flashlight

- pillow and mattress on her back

Cause yo shit is wack

So here goes the No-Doze, I'm puttin it on foes who  
oppose

Comin off like porno pantie hose

Peace to Organized Konfusion and B.I.G.

The M.O.P., from R-e-d

For all my niggas in the NYC
