Well its hard to explain
but ll'i try if you let me,
Well its hard to sustain
I'll cry if you let me.

This doesn't change the way i feel about you or your
place in my life.
(please don't cry)
Cant you see I'm dying here a shot of broken heart that
is chased with fear?

Angels cry
when stars collide
I can't eat
and I can't breathe
I wouldn't want it any other way.

Intentions that were pure have turned obscure
seconds into hours, minutes into years.
Don't ask me why
(please don't cry)
I cant tell you lies..

Angels cry
when stars collide
I can't eat
and I can't breathe
I wouldn't want it any other way.
(repeat)

My heart, burns through
My chest, to the floor.
Tearing me silently although abruptly words cant hide
as I'm taking you home, and I tried to see,
tried to understand your words as I'm taking you home

Angels cry
when stars collide
I can't eat
and I can't breathe
I wouldn't want it any other way.

(repeat)
