Don't tell me this is your last chance to change,
'cause if you do you would be telling a lie, but...

I warned you
what could happen if you should decide
to live your life from 9 to 5,
and I mourn you,
for the detail that is left unsaid,
Is a reminder of the time you bled.

Return to days when you knew you still felt alive.
Reveal the way you felt when
you could look inside.

They sold you
everything you need to fix you up,
and you feel good now but you can't wake up.

They found a way to reassure you.
(That everything would be okay)
Reach out today, now I implore you to remember who
you are.

Return to days when you knew you still felt alive.
Reveal the way you felt when
you could look inside.

So you felt it, but you don't know
why you can't explain at all.
Why you felt it,
'cause you don't know, no you don't know

Break the walls between building atrophy,
causing all your problems to recede.
Break the walls between,
(Break the walls between)
causing all your pain
(Causing all your pain)
You'll never learn.

Return to days when you knew you still felt alive.

Reveal the way you felt when
you could look inside.

Take Back
the beat in your heart.
Why fight,
when you can't be bought?

Take Back
the beat in your heart.
Why fight,
when you can't be bought?

Take Back
the beat in your heart.
Why fight,
when you can't be bought?

Take Back
the beat in your heart.
Why fight,
when you can't be bought?
