I sit around and think about,  
all the times we shared  
all the time.  
I wonder what you dream about  
Where you go and have been  
all the time.  
You broke my heart.  
You broke my heart again  
and now i knowâ€¦..  
If this is a test i'm gonna fail it my best  
the only way to stay true.  
And this is my destiny and there is no helping me,  
life is bitter sweet.

Things change although they seem the same  
and there'll be no more waiting for your lies.  
I found someone else just like you  
and now it's starting to unwind  
all the time.

We fell apart,  
you broke my heart again  
and now I knowâ€¦!  
If this a test i'm gonna fail it my best  
the only way to stay true.  
And this is my destiny and there is no helping me life is  
better sweet.

You say it's time to get over the pain  
I still I still love her.  
You say it's time to get over the pain,  
I still I still love her  
Yeahâ€¦. yeah  
I still love her.

If this is a test  
I'm gonna fail it my best  
the only way to stay true.  
And this is my destiny and there is no helping me  
life is bitter sweet.

You say it's time to get over the pain  
I still I still love her  
You say it's time to get over the pain  
I still I still love her  
I still love her..
