This whole routine is getting old  
So am I, so are you  
My reputation lets me know  
I can do whatever I want to  
Though it seems that you believe  
You can do whatever it is you please  
And not before, not before you wind up on your knees  
Don't cry to me no more

You like the way that people stare at you  
Now you look so fake, just thought that you should  
know  
And you're all the same, and when the curtain drops  
down  
You'll be replaced by something typical

You set yourself up to the sold and that's ok  
'Cause that's your role  
Manipulation takes its toll  
What will you do, when nobody wants you  
Though it seems that you believe  
You can do whatever it is you please  
Not before, not before you wind up on your knees  
Don't cry to me no more

You like the way that people stare at you  
Now you look so fake, just thought that you should  
know  
And you're all the same, and when the curtain drops  
down  
You'll be replaced by something typical

I know, I've stood so long beside you  
And I know, I should've left you right where I had found  
you  
I know, I've stood so long beside you  
And I know, I should've left you right where I had found  
you

You like the way that people stare at you now  
You look so fake, just thought that you should know

And you're all the same  
And when the curtain drops down,  
You'll be replaced by something typical

You like the way that people stare at you  
You look so fake, just thought that you should know  
And you're all the same  
And when the curtain drops down,  
You'll be replaced by something typical
