Well she never was the best
yeah at following the trends.
Stayed one step above the rest,
And even though it seemed
Like the world was crashing on her,
didn't let it hold her down,
didn't hold her back,
oh no, woah.

Don't worry you'll show them.
There's a fire in your eyes,
and I hope you'll let it burn.
There's a scream in your voice,
and I hope you will be heard.
There's a fire in your eyes,
and I hope you'll let it burn until you're heard, you're
heard.

Seventeen is just a test,
yeah and I would recommend,
that you live with no regrets,
and even if it seems
like the world is crashing on you,
you shouldn't let it hold you down,
shouldn't hold you back,
oh no, woah.

Don't worry you'll show them.
There's a fire in your eyes,
and I hope you'll let it burn.
There's a scream in your voice,
and I hope you will be heard.
There's a fire in your eyes,
and I hope you'll let it burn until you're heard, you're
heard.

Relax girl,
turn down the lights.
No one can see you shining.
Relax girl,
it'll be alright.

No one can stop you if you try.
Point of rhythm is to follow it in time,
to listen to the beating in your mind.
Remember if you will seek then you shall find.
Woah.

There's a fire in your eyes,
and I hope you'll let it burn.
There's a scream in your voice,
and I hope you will be heard.
There's a fire in your eyes,
and I hope you'll let it burn until you're heard, you're
heard.

There's a fire in your eyes,
and I hope you'll let it burn.
There's a scream in your voice,
and I hope you will be heard.
There's a fire in your eyes,
and I hope you'll let it burn until you're heard, you're
heard.
