I'm gona miss all the shit we never did
Nice to know that I'm rejected once again,
I can't keep in time,
What was I so out of line?
To give you questions that could only lie in you,

I want you to know,
That what we had,
Meant the world to me,
Change your vacant stare,
And I don't mind if you don't care,
Its just a phase that follows through,
And I want you to know that I would wait for you,

You'll feel that when everything sinks,
It drains your feelings and numbs the conscience of
your heart,
Can't ration for the timing of this,
We just wont learn from this and grow further apart,

I want you to know,
That what we had,
Meant the world to me,
Change your vacant stare,
And I don't mind if you don't care,
Its just a phase that follows through,
And I want you to know that I would wait for you,

I want you to know,
That what we had,
Meant the world to me,
Change your vacant stare,
And I don't mind if you don't care,
Its just a phase that follows through,
And I want you to know that I would wait for you,
