"Texas Weather Makes Me Sad"

It's nights like these
that make me wish I'd said
some very pretty things
I'm used to bad news, sad
stories and terrible advice
you're everyone's surprise

last chance for an accident
last chance for an accident
and that's you

you said that like you meant it
tongue tied and shaken up
take your best swing I'm nothing
but your last breath
Texas weather makes me sad

It's nights like these that make me
wish I'd said some very pretty things
I'm used to bad news, sad stories
and terrible advice
you're everyone's surprise
last chance for an accident
last chance for an accident
and that's you

last chance for an accident
last chance for an accident
and that's you
