"After Tonight"

Staring up at the moonlight
Looking up at the stars
I'm alone and I just want to be with you
But I don't know where you are
Maybe I took you for granted
So blind, I let your love slip away
Now I'm missing you so much I can't stand it
Please believe me when I say,
After tonight, I never will be the same again
This time I'm sure that nothing means more
Than giving you all the love I can
After tonight I promise, I'm gonna be a better man
Just hold me tight, and I'll be all right
After tonight
Anticipating the moment
When I can make love with you again
Patience is a virtue I'm finding
Very hard to understand
