[Intro - Spoken]

Yo, I think this one for the club.
Turn it on for me DJ.
Let's go.
I see you John Blue.
Thanks for the track, man.
Hey, I do this for the ladies.
... But I gotta keep it gangsta.

[Verse 1]

See you outside the club
You ain't got not man, ain't tryna live it up
Swoopin', swoopin' down like, girl what's up?
I know what you want, gon' get in this truck.

[Hook]

Now we takin' the elevator upstairs
Neighbors up but who cares
They already know my name
I got a fifth of Hennessy, five hour energy
Round after round after round after round

[Chorus]

Tonight you're going thru the mattress (ah, ah, ah)
Gon' show you baby just exactly how to make this bed
rock
Tonight you're going thru the mattress (ah, ah, ah)
Not gonna quit, in and out your body, and girl I can't
stop
Pound for pound, round for round
Yep, up in this ring girl I'm the Champ
Bout to beat it out the ring
Tonight you're going thru the mattress (ah, ah, ah)
Gon' show you baby exa-a-ctly what I'm, I'm all about

[Verse 2]

I see the bed ain't strong enough
So I'ma beat you thru it, now we on the rug
Betcha didn't know who the sex champion was
Glad to meet ya
Tonight I'm puttin my title up

[Hook]

[Chorus]

[Bridge]

I don't know what's gotten into me,
I killed it like an enemy
Maybe it's the Hennessy or five hour energy
I seen it in your eyes
I know we gon' do it
I know you been to bed, but you ain't never been thru it
Vampire creeped up in the room,
B-bout to bite it
Trey invented sex but he forgot to c-copyright it
No disrespect, I know he do it like you like it
But I'll do it like you love it, that sex.

[Chorus x 2]

[Outro]

Mmm
Thru the, t-thru the, thru the mattress
You goin' thru thru the, thru the, thru the mattress
You goin' thru the, thru the (ooh) thru the mattress
You're goin' goin', goin' goin' goin'
Gone
