(Verse)

So baby set the night on fire
You're like murder, a slow guillotine,
Strip-stalking killer and the princess of sleaze
What do you want? You need to burn in desire,
I'm a shotgun rock n roll kid,
Babe I'll lead the way

(Pre-Chorus)

Got plans to light it up,
Gonna set the night on fire oh yeah.
Got plans to light it up
Because our love's so hot baby

(Chorus)

Hot love, burning light a flame,
So baby set the night on fire
Hot love, burning light a flame,
So baby set the night on fire

(Verse)

Well you're like fire and I'll place a bet
that a girl like you ain't that easy to get
What do you want? You need to burn in desire,
I'm a shotgun rock n roll kid, babe
I'll lead the way

(Pre-Chorus)

Got plans to light it up,
Gonna set the night on fire oh yeah.
Got plans to light it up
Because our love's so hot baby

(Chorus) x2

Hot love, burning light a flame,
So baby set the night on fire
Hot love, burning light a flame,
So baby set the night on fire
