I've got it bad, I've got it bad for you  
I wish that I could take you home  
And on the ride I'll make my move  
Again  
I've got it bad, I've got it bad for you  
I wish that I could take you home  
And on the ride I'll make my move  
My move it goes

Chase chase chase you around the car car car  
Now get you by the back of your hair  
And as you scream scream scream there's no one  
listening  
As your voice fills the air we're going

You're going to get it bad  
Yeah tonight you're going to get it real bad  
Smell of success yes tonight I chose the best  
Girl, please don't don't be sad because it goes

Chase chase chase you around the car car car  
Now get you by the back of your hair  
And as you scream scream scream there's no one  
listening  
As your voice fills the air we're going home again  
We're going home again  
Yeah, yeah

Will you remember me when you're gone?  
Will you remember me when you're gone?  
Will you?  
Will you?  
Will you, will you  
I hope you do  
Just like the time that I

Chase chase chase you around the car car car  
Now get you by the back of your hair  
And as you scream scream scream there's no one  
listening  
As your voice fills the air I said I said

Chase chase chase you around the car car car  
Get you by the back of your hair  
And as you scream scream scream there's no one  
listening  
As your voice fills the air I said it

I've got it bad, I've got it bad for you  
I wish that I could take you home  
And on the ride I'll make my move  
Again
