Well you don't wanna go to school, it's alright
oh you so tired of playing the rules, it's alright
Well she a comma 'round a here bout midnight,
Telling me that everything's alright.
Well I'm born, (and i born) and I die, (and i die) and I
live, to get high oh my

It's alright
It's alright my

He's a man in an awful way
But he'll will help you everyday
I see the man in an awful way
I'll take you back where you want to stay!

It's alright
It's alright now

Well you don't wana to go to school, it's alright
Oh you're so tired of playing the rules, it's alright
well they stuck in on my blow,
I can not move no more.
Well I'm born, and I die, and I live to get high

It's alright
It's alright

He's a man in an awful way
But he'll help you everyday
i see the man in an awful way
I take you back where you want to stay

(oh, you're alright)

It's alright
