These days it seems as though  
I've lived a lonely life time  
Because I never had a girl like you to hold me tight  
And since you came around  
And you showed your world to me  
I'm beginning to think that I'll never be blue again

now that you're in my life,  
you are my brightest day when  
you came you chased my blues away  
and you know youre all that i been waiting on  
and all the stars i wish upon

Chorus:

and so i said thank you for being there  
because you and me are gonna be alright  
so thank you for lovin me long  
because you and me are gonna be alright

well, anytime or day, you wreck my  
since the words you spoke go round my head  
and you know youre all that i been waitin for  
yeah youre the queen of all my dreams

Chorus:

and so i said thank you for being there  
because you and me are gonna be alright

I'm on my knees (on my knees) its days like these (days  
like these)  
when all i see (all i see) is you and me

these days it seems as though ive lived a lonely life  
time  
because ive never had a girl like you to hold me tight  
and since you come around and showed your world to  
me  
im beginning to think ill never be blue anymore

now that youre in my life  
you are my brightest day

since you came you chased my blues away  
and you know youre all that i been waitin on yeah  
and all the stars i wish upon

Chorus:

and so i said thank you for being there  
because you and me are gonna be alright  
so thank you for lovin me long  
because you and me are gonna be alright
