"Last Caress Spoof"

I got something to say,
I learned a Tosfos today,
It matters so much to me,
I gotta understand

I got something to say,
I tried to learn Reb Chaim today,
Trying to get into Brisk,
Can get out of hand.

Learn all day, 'till your day of death
Then close the gemara,
Last Caress

I got something to say,
I learned a Tosfos today,
It matters so much to me,
I gotta understand

I got something to say,
I tried to learn Reb Chaim today,
Trying to get into Brisk,
Can get out of hand.

Learn all day, 'till your day of death
Then close the gemara,
Last Caress

(The music for the song was ripped off the Metallica
Garage Inc. CD)
