"Nocturnal Creature"

The sun goes down turning into night
As the moon rises into the sky
A statue of a gargoyle begins to crack
That gargoyle is me

I am a furious gargoyle
I look really scary with my angry eyes
As I awake, I begin to growl
I fear nothing that gets in my way

With my huge claws
I can take down opponents in front of me
I hide in a dark place
Where no one will find me

I call myself hideous
I only live through the night
I am nocturnal
I am the creature of the night

When the sun rises
I begin to turn into stone
When I do,
I will be staying a statue
Until the night comes
