You killed my family, your attack was where i lived 9
years ago
My parents and I were about to eat dinner when we
heard the screams
We all looked out the window and saw you murdering
everyone in your path
Men, women, and children. I saw you murder my brother
in the middle of the street.
Before you got to our house, my mother told me to
hide in the pantry.
I did what i was told but you kicked down the door
before she had a chance to hide.
You killed both my mother and father in one swing
I then realized i need revenge. i took my father's
broken blade and ran after you
Don't you remember the little girl?
The one who survived the attack in the village of fire?
I am that little girl.
i was weak then and only 12 years of age, but now i'm
much stronger.

Today you will die.

No, sorry, I couldn't avenge you.
