Back/off by Katerine Avgoustakis & Regi Penxten

A thorn in my eye  
A fly in my chardonnay  
You disturb my inner peace  
With all those meaningless things you say

Don't smuther me, don't even try  
I'm tired of you phony smile  
No regrets, this is goodbye

Back off, back down  
I've had it with you  
I hate everything about you  
I abhor you, I don't need you

Back off, back down  
I've had it with you  
You're just another fairytale  
I abhor you, I don't need you

Back off, back down  
I've had it with you  
I hate everything about you  
I abhor you, I don't need you

Back off, back down  
I've had it with you  
You're just another fairytale  
I abhor you, I don't need you

Don't cause a scene, don't even try  
You wear me out and you're insane  
No regrets, this is goodbye

Don't smuther me, don't even try  
I'm tired of you phony smile  
No regrets, this is goodbye

I don't want you around me, any more

Back off, back down  
I've had it with you  
I hate everything about you  
I abhor you, I don't need you

Back off, back down  
I've had it with you  
You're just another fairytale  
I abhor you, I don't need you

Back off, back down  
I don't want you around me, any more  
Don't want you around me, any more  
Back off, back down  
Back off, back down
