We are what is left of it!  
We are punks but we are shit!  
Generation X Fuck it all!  
We're too big while we're still small!

I'm not here but you're not there!  
Lost control I'm really scared!  
Medicated Mindshowers!  
Crumbling Future Towers!

We are what is left of it!  
We are skaters and we are shit!  
Rotten Eggs and Twisted Garbage!  
We are what is left of it!

I'm not here buy you're no there!  
Lost control I'm really scared!  
Medicated Mindshowers!  
Crumbling Future Towers!

You can have it if you buy it!  
Sure I'll buy it just like them!  
If I look and talk the same way...  
I could be almost one of them!  
Sure I'll take it if it helps me!  
Sure I'll patronize other patrons!  
We are lost cuz we are bought!  
We are bought cuz we are lost!
