Well ahh, good evening my nubian brothers and sisters  
ahh

Tonight we got a REALLY big show ahh really big show  
ahh

Con-duc-ting his Con-cer-to in X Minor

We have, the brother, Derek X

Ahh, his theme tonight, will be on  
racism, in a New Yawrk, backdrop  
Brother Derek X..

[Derek (Sadat) X]

Aw yes yes yes thank you thank you thank you  
and alla that, yo

Before I get this wreck I wanna give a STRONG shout  
to all the positive brothers and sisters that's out there  
And I just wanna let y'all know  
who I came down here with

I slid in here with Lord J  
and Alamo with the A

And I came to get wreck, like THIS!!

I'm kinda blessed so I wrote this manifesto for life  
Co-signed by the others with a knife

\* Alamo cuts and scratches "Brand Nubian!" \*

On the real tip let's take a field trip from the ghetto  
You pick the time and we'll meet in the meadow  
to discuss racial issues and tension

New York's a powder keg did I forge to mention?

\* Alamo cuts and scratches "New York, New York" \*

Now case in point y'all remember that Brooklyn Bridge  
joint

when things got wild and willy?

Yeah that day the FEDS played the role of the bully

"Up against the car!"

"Yo I ain't even do nuttin man"

"Aiyyo shut up or you get smacked!"

"Yo why you pushin me why you hittin me man?"

Now Huey Newton was slain and we all felt the pain

of Yusef Hawkins, and they was mad but we was  
squakin  
They tried to show a false compassion, yet at the rally  
they tried to bash in our brains  
Further adding to the bloodstains  
I was mad at this news and so was my brothers  
And I wanted to get violent but I'm a lover of black  
mothers  
And black mothers need sons  
Not children that's been killed by guns..  
It's, just a-nother form of slavery, a modern day lynchin  
The others get the world, the black man feels the  
tension  
inside, not out to hide, just provides us all the answer  
I will stop racial injustice if I get the chance to!  
\* Alamo cuts and scratches "When the revolution  
comes" \*

Now, the  
civilized man's main goal is to teach  
And I try to achieve this with verbal outreach  
in my community, and all outlaying counties  
Spread the message of good with my Now Rule mighty  
Step up to the right, dispense and be known  
Remember what I said is to teach your own  
at home first, and as we disperse  
I sparks your head like a cloudburst  
Ya don't stop, ya don't quit  
Derek X I'm guaranteed to be the ultimate  
(Brother Derek X) I kicks the flavor!

So bust that I drop the stack from my almanac  
It's all truth so it's got to be a shown fact  
So keep on this is the dawn of the Capricorn Turtle  
A rhyme that I kick is stored daily in my journal  
or my diary when speakin on the black man I gets fiery

The record's in the record store, category's black war  
Best you ever saw and it comes in a three or a four  
pack  
In a month or two I'll be back  
to confer with you on both of my works  
In my contract, I get crazy perks from Elektra  
See me kick this rhyme and I covered the whole  
spectrum  
This is the final verse, grand finale in Crescendo  
Message substance of the X cannot be thrown out the  
window  
unseen, lean two years past the teen  
Never use makeup got a natural sheen  
It's like that y'all let's have a ball

I'm Derek X about six feet tall

Yeah and as I stop this wreck for one sec  
I wanna give a shout to the Grand Puba  
Also to club kid Marley Marl ("I understand that time is  
running out")  
Pete Rock from the Vernon  
I wanna give a shout to Mike P and Cherokee also in  
Tucson  
("I understand that time is running out")  
Rich with the carry on  
I wanna give a shout to all the Gods in Now Rule  
("Understand that time is running out")  
Melacasis, Sea and my man True Born  
I wanna give a shout to Big Bob ("Time is running out")  
Scooby Real and the whole Mob from the Stallion Mark  
the Spark  
And I'm outta here  
\* Alamo cuts "Running out" \*
