The only thing that I ever really think about  
Think about sex all the time  
Your affection for my injection  
Is on my one track mind  
Throw your weight right into my face  
And I'll spin you 'round  
Put you back in place  
Guess you know just what I'm trying to say  
I gotta have it one hundred times a day

Chorus  
Hot sex-push it to the limit  
Ah yeah do it till we're satisfied  
Hot Sex-push it to the limit  
Hot Sex

The room gets to 1000 degrees  
When our bodies start swingin' in motion  
Honey dip sweet sugar lips  
Come to daddy get a shot a sex potion  
Just tell me tell me how you want it  
Cause any way is just fine  
I'll take you up to the limit get down to 69

Chorus

The best thing in life honey  
Is knockin' on your back door  
I got the motor running  
Get 4 on the floor

Chorus  
(Repeat)
