Well it's showtime I'm feelin' fine
Been drinkin' whiskey all day
In a stripper bar ready for hot T&A

Dirty lil' lady thrown down in my face
Show me all the things you can do
Gimme a taste of your animal grace
The things you'll do for a dollar bill or two

Chorus

When you've lyin' on the floor
Spread Eagle
I love to watch when you're
Throwin' down to the ground
Lyin' on the floor
Spread Eagle
I love to watch when you've
Throwin' down to the ground

She's peelin' off her clothes to the beat
Comin' off the stage
Eyes poppin' jaw droppin'
Man I tell ya I'm in a rage

Saw a tattoo of an eagle as she lifted her dress
My the way she's shakin' her hips
She whispered somethin' under her breath
I couldn't hear a word but I sure could read her lips

Chorus

Woman I just wanna take you away
Baby there's nothin' wrong with
Mix in' your work with play
C'mon and play
The things you'll do for a dollar bill or two

Chorus
