She's the wildest thing that you've ever seen  
Bad boys call her a wrecking machine  
She's kinda crazy got wild starin' eyes  
Shell take you down take you for a ride  
They call her Suzy Suicide  
She runs wild and she ain't afraid to die  
She's out havin' fun she's got a loaded gun  
Lawman calls her public enemy number one

Suzy Suicide-she's on a one way ride  
Suzy Suicide  
Suzy Suicide-she's on a one way ride  
Suzy Suicide

You wanna play a dangerous game  
She's played the devil and put his shit to shame  
You wanna thrill then you won't be surprised  
'Cause once she gets a taste she'll eat you up alive  
They call her Suzy Suicide  
Once she's got you boy ain't nowhere to hide  
She'll give you chills and some affection  
Turn you on to cocaine heroin addiction
