Thru these eyes and thru the years  
Love's passed by and left me here  
You're so far away  
And time's brought on a change  
Thru these eyes that never see  
Photographs of you and me  
A perfect picture  
Of what could never be

Chorus

God in Heaven  
Don't waste your time or tears on me  
Cause I'm too far gone  
I don't need sympathy  
God in Heaven  
I'll tell you why I've grown so cold  
It's the things that I've seen Thru These Eyes

This cold world turns again  
I drown myself in sin  
Sinking deeper now  
The lights they grow so dim

Thru These Eyes all is black  
And it's too late for turning back  
I'll be leaving soon  
And time won't heal these wounds

Chorus

Tell me why, tell me why  
I've been ripped apart and left here to die  
Crimes of love, Crimes of hate  
It's not too late if you  
Take a look around you  
There's got to be an answer  
I ain't playin' your fool  
So give me what I'm after

When all I see is pain in a world full of lies  
I wish that I could never see a damn thing

Thru These Eyes

Chorus
