You see em coming at you every night
strung on pretension, they fall for you at first sight
you know thier buisness-you think it's a bore
they make you restless-it's nothing you ain't seen
before
get around town, spend your time on the run
you never let down...say you do it for fun
never miss a play, though you make quite a few
you give it all away when everybody wants you
You crave attention-you can never say "no"
throw your attention anyway the wind blows
you always make it-you're on top of the scene
you sell the copy like the cover of a magazine
puttin' on the eyes 'till there's nobody else
you never realize what you do to yourself
the things that they see make the daily reviews
you never get it for free when everybody wants you
everybody knows you
everybody snows you
everybody needs you...leads you...bleeds you
Nights of confusion and impossible dreams

days at the mirror, patchin' up around the seams
you got your glory-you paid for it all
you take your pension in loneliness and alcohol
say good-bye to conventional ways
you can't escape the hours-you lose track of the days
the more you understand, seems the more like you do
you never get away...everybody wants you
