You can feel it coming with the morning light

And you know the feelings, gonna make you feel.

Alright

Almost close enough to,

Hold out your hand

Span the distance

Store resistance,

To attack is to retreat

All you've got to do is

Hold out your hand

For the treasures of the universe, are lying at your feet.

You can hide it, lose it, but it's always found.

You can laugh it off, but it always comes,

Back on you, so true.

True is true enough to

Hold out your hand.

Forward motion

Life promotion

To reverse is to repeat

All you've got to do is

Hold out your hand

For the treasures of the universe, are lying at your feet.

Hold out your hand

Span the distance

Store resistance

To attack is to retreat.

Almost close enough to

Hold out your hand

For the treasures of the universe, are lying at your feet.
