Setting out on the open road
Leaving your life behind
Where you're going you just don't know
But you know you're sure to find

It's true what they say
It's darkest before the dawn

Hey Hey You
You are the light in my life
The only one I need to get by
You are the only one who understands

When life seems like a lonely walk
Down a long and narrow hall
You carry on with no end in sight
Searchin' for a sign

But the feeling cannot be denied anymore

Hey Hey You
You are the light in my life
Now that you're standing here by my side
The only one who understands

Hey Hey You
You give me all of your love
You give me all I need to get by
The only one

Hey Hey You

Understand me
Do you understand me?

Hey Hey You
You are the light in my life
The only one I need to get by
You give me all of your love
Now that you're standing here by my side
You are the light in my life

The only one I need to get by
You are the only one
You are the only one

Hey Hey You
Hey Hey
