When your saviour lets yo down

Who will mind

When your lover turns around

YOu will find joy in the morning.

Love in the stars

Peace and understanding, standing right beside you
when you're walking

down the street.

Walk in time

Standing beside you

To shelter your heart's

Like a ship in a harbour, blown in by the storms that
surround us, and you

will be,

Safely where nothing can ground us and you will be,

Safe with me

When you face the doors of doubt

Have no fear

When the changes come about

I'll be near

I'll be waiting beside you

To shelter your heart's

Like a ship in a harbour, blown in by the storms that
surround us, and you

will be,

Safe with me.
