Masking identity
Lost in a memory
Of how it used to be
Anonymous

Safe in the dark of night
In the shadow of a streetlight
Uncover the wrong from right
Anonymous

We are anonymous (anonymous)
We are anonymous (anonymous)
We are anonymous (anonymous)

New York City danger zone
I saw it on the telephone
Orwell said the seeds were sown
Anonymous

What will they think of next
Can we survive the test
Living like all the rest
Anonymous

We are anonymous (anonymous)
We are anonymous (anonymous)
We are anonymous (anonymous)

They've got your number
You're undercover
Try to remember your name

Unmasking identity
In search of a memory
Of how it used to be
Anonymous

Safe in the dark of night
Just a shadow in the moonlight
Is there no wrong or right
