I just put my headphones on
Turn it up and sing along
I don't care if you think that I'm singing out of key
Talk is cheap, don't talk to me

I can't hear a word they say
Close my eyes and fade away
See their faces moving, lost in concentration
Animation animation
Listen to the sound

I've got my Walkman on
I've got my Walkman on
Walkman

If you have some headphones too
Plug them in to Channel Two
We can play alone together laying in the sun
Making love to music
Listen on the run

I've got my Walkman on
I've got my Walkman on
Walkman

I've got my Walkman on
I've got my Walkman on
I've got my Walkman on
I've got my Walkman on
Walkman

I wear headphones when I sleep
Love the electronic beat
Touching you and touching me, echo in the night
I come to you on the left
Now I'm on the right

I've got my Walkman on
I've got my Walkman on
I've got my Walkman on
I've got my Walkman on

I've got my Walkman on
I've got my Walkman on
Walkman
