Mistakes were made
We said the things we didn't mean
You're gone away
But I can't take back things that I did
So what am I supposed to do?
Just blind your eyes and say that we don't
I need this as bad as we do
As bad as I do

So count the stars above
We both know this is love
Let's make this last forever
And remember what we said
'Cause we'll be here again
To make this last forever

Regrets they stayed
To remind us of our bitter ending
And yesterday
But I won't take back things that I did
So what am I supposed to do?
'Cause I can taste the salt in our wounds
I need this as bad as we do
As bad as I do

Chorus

As bad as I was
As bad as you were
As bad as we were apart
We were far worse together

Chorus x 2
