So this is the last place that we'll stay
And this is how the story ends
(Well I'll write it for you)
When we have been here for so many years
And this is how it ends
(And this is how the story ends)

When the storm meets the eye
In the last moments of our lives
I will watch it
I will wait it out with you

It always rains like hell tonight
And this night moon and this night sky, it burns tonight
(Don't want a getaway)
And when you leave and when I go, well we'll know
I don't wanna know
