"Hear The Sound"

It doesn't matter what you say or do
It's not a thing He wouldn't love you through
Where you are is where He wants you now
Love so deep it made the Son come down
He came down, yeah

Hear the sound
You'll see it's all around
People are crying out for help
He's got to be The One in you and me
The One to set us free from ourselves
Let the healing begin
Let the sunshine in

Lonely man in a crowded room
Ears to hear but who will you listen to?
You've seen it all, watched the wise man fall
But will your faith bring you through it all
Hear the call

Hear the sound
You'll see it's all around
People are crying out for help
He's got to be The One in you and me
The One to set us free from ourselves
Let the healing begin
Let the sunshine in
