'Cause baby girl You feel

And little mama that thang is

(So good)

And girl the way that you move it

I wanna do it again wanna do it again

(so good)

[Remy]

Baby stop actin' crazy imma keep it real

see i just need some one that gives me somethin' i can
feel

Have a little small talk and a night on the town

It could all be yours can you go another round

Dont wanna lose you in it 'cause the groove is in it

But it really dont matter long as you be in it

Boo whats gotten into you

I told you I got an interview but you wanna get intimate

Why you tryna get in to it

[Ne-Yo]

[Hook:]

Baby I know you got moves to make

But you aint leavin till I get another taste

I aint ashamed to say you got a nigga open babe

And imma need some more before you get away

(oooooh)

[Chorus:]

[Ne-Yo]

See im tryna hold it but I cant control it
My mind is tellin me stop but my it keeps goin'
You want me to stay and I wish I could
Another day but tell me why I should

[Ne-Yo]

I wanna do it again and again and again (yeah yeah)

[Remy]
So good you cant even keep your hands off
So good you feel you need to go and put ya mans on
You got ya blackberry off and your phone vibrating
And all you wanna know is why my legs keep shakin'
See we both grown and
I know when the feelings right

And what you sayin' is makin' me wanna spend the
night
And now I'm focused and I'm open 'cause you notice
me
And i was hoping you'd say can I take you home with
me

[Ne-Yo]

[Hook:]

Baby I know you got moves to make
But you aint leavin till i get another taste
