Love is but a song we sing
And fear's the way we die
You can make the mountains ring
Or make the angels cry
Though the bird is on the wing
And you may not know, why

Come on people now
Smile on your brother
Everybody get together
Try to love one another, right now

Some may come and some may go
And we shall surely pass
When the one that left us here
Returns for us at last
We are but a moment's sunlight
Fading in the grass

Come on people now
Smile on your brother
Everybody get together
Try to love one another, right now

Come on people now
Smile on your brother
Everybody get together
Try to love one another, right now

If you hear the song we sing
You will understand
You hold the key to love and fear
In your tremblin' hand
But just one key, unlocks them both
It's there at your command

Oh, come on people now
Smile on your brother
Everybody get together
Try to love one another, right now

Come on people now

Smile on your brother
Everybody get together
Try to love one another, right now
Right now
Right now
