I know theres something in the wake of your smile
I get a notion from the look in your eyes ya
You built to love but that love falls apart
Your little piece of heaven turns to dark

Chorus

Listen to your heart
When hes calling for you
Listen to your heart
Theres nothing else you can do
I don't know where your going
And I don't know why
But listen to your heart
Before you tell him goodbye

Sometimes you wonder if this fight is worth wild
The precious moments are all lost in the dark ya
There swept away and nothing is what it seems
A feeling of belonging to your dreams

Chorus

Listen to your heart
When hes calling for you
Listen to your heart
Theres nothing else you can do
I don't know where your going
And I don't know why
But listen to your heart
Before you tell him goodbye

And there are voices that want to be heard
So much to mention but you can't find the words
They sent the magic the beauty thats me
When I was wilder and they win

Listen to your heart
Take a listen to it
When hes calling for you
Listen to your heart
Take a listen to it

Theres nothing else you can do
I don't know where your going
And I don't know why
But listen to your heart
Before oooooooooooh listen to your heart
Take a listen to it
When hes calling for you
Listen to your heart
Take a listen to it
Theres nothing else you can do
I don't know where your going
And I don't know why
But listen to you heart
Before you tell him goodbye

(Listen to your heart)
ooooooooooooooooooh (Listen to your heart) take a
