rolling down the road with my big fat buick  
sun is in my eyes through my dark sun Gs  
need to make a break but i dont know how to do it  
come on pretty mama take a spin with me

i dont know bout but i feel like started  
start to find a way getting through to you  
fix me up again for the good old habit  
cuz i just need a hand to bring me in the mood

a heroic thing to do, spend some time alone in a room  
not about the time that has been spilled, not about the  
loss that is refilled  
not about the day you tried to cut my wrist, i know you  
could not resist  
to plug a knife into my back and then just leave me for  
dead

i feel like going sixty, but its only twenty  
need a second chance not to say it again  
with every word you speak you bring your lips a little  
closer  
just like in fake movies with fake love and fake  
romance

i think maybe ill drop you off at the next gas station  
cuz im a little nervous now you shake from top to toe  
but when we started having provoking conversations  
everything is cool its under control

a heroic thing to do, spend some time alone in a room  
not about the time that has been spilled, not about the  
loss that is refilled  
not about the day you tried to cut my wrist, i know you  
could not resist  
to plug a knife into my back and then just leave me for  
dead

rolling down the road with my big fat buick  
sun is in my eyes through my dark sun gs  
need to make a break but i dont know how to do it

come on pretty mama take a spin with me
