CHORUS:

Your love has brought me a mighty long way  
Your love has brought me a mighty long way

Once I was down & broken hearted  
Lyn' down the side of the road  
You came along & picked me up  
Eased my heavy load; that's why...

(chorus)

My friends asked me why I dedicated  
A minute my life with you  
All I can say, I can justify, baby  
I just don't know what to do

(chorus)

I'm thankful, oh yes I am  
Thank you, baby, oh yes I do, child, yeah

(repeat chorus & fade)
