W: I know just how bad I've hurt you
T: Oh yeah
W: Let me make it up some way
What can I do just to prove I love you
Should I beg on my knees? Baby, please come home

CHORUS:

T: Come home baby
W: Baby, just come on home
T: Come home baby
W: Need your love so bad
T: Come home baby
W: Need you by my side
T: Come home baby

W: I'll be good to you, I promise
I'll do anything you say
I want your kiss; I can't go on like this
Keep me bad if you must, baby just come home

(chorus)

(instrumental)

W: What can I do just to prove I love you
Should I beg on my knees? Baby, please come home

(repeat chorus & fade)
