Do it for love, don't hold you up
As for kisses, once hefty stuff
don't be afraid, let me know
there's other places, baby, that I can go
If you don't like it, don't knock it
Somebody eles, might go and rock it
Oh, if you don't need it, don't waste it
Somebody eles, might wanna taste it
Aw, baby, Aw, baby, if the thrill, don't turn you on
And the will is much too strong
don't waste my time, with your foolish ways
I got other plans, to do with my days
If you don't like it, don't knock it
Somebody eles, might go and rock it
Hey, If you don't need it, don't waste it
Somebody eles, might wanna taste it
Awww, hey, ooo, Lord, Lord, Ooww!
Wholl love, wholl dance with me
Who in all, will go all away round town
Im the one, that turn you on
Im the same one, that leave you alone
don't knock my love, don't knock my love
don't knock my love, baby, don't knock my love
AAWWW! Good God, almighty, it's alright
AAWWW! Yeah, don't knock my love
