Wilted flower  
Desert rain  
Just illusions  
Nothing has changed  
Look at the fire grow  
Look at the fire glow

Chorus:  
I tried to live inside your world  
But I'm just not your average girl

I can't miss you  
I can't hold on to this notion  
I can't cast away my feelings anymore  
My mind was twisted (in a circle)  
It was turning (round and round)  
And I wanted to breath  
And I wanted to be true

(chorus)

Loud like thunder rolling over  
Long nights pondering my future  
Faded colors in my heart  
I'm not saying that I'm lyin' down and dyin'  
God I know that sometime soon I'll find my way

(chorus)

I can't miss you  
I can't fall into this notion  
I can't cast away my feelings anymore  
My mind was twisted (in a circle)  
It was turning (round and round)  
'cause I wanted to breath  
And I wanted to leave you

(chorus)

Wilted flower  
Desert rain
