I'm so tired of sad love songs

I'm so tired of the way they make me feel

I'm so tired of sad endings

I just wish they would let me heal

Its too late for that

I cant pretend I never wanted you back

its to late for

Just hold me close and

I'll hold you like I'll never let you go

Just hold me close and

we'll stay here until you let me go

I'm so tired of writing these song

I'm so sick of having nothing else to say but how I hate  
you

but I hate you

cus I hate you

but youre not you today

Its to late to pretend

there's nothing more I wanted to say

I cant prevent this so

Hold me close and

I'll hold you like I'll never let you go

just hold me close and

I'll stay here until you let me go

let me go
