Her....
Into my room he creeps,
Without making a sound.
Into my dreams he peeps,
With his hair all long and hanging down.
How he makes me quiver.
How he makes me smile.
With all this love I have to give him.
Guess I'm gonna stay with him awhile.

Him....
She brushes the curls from her eyes.
She drops her robe on the floor.
She reaches for the light on the wall.
And darkens my pillow once more.
How she makes me quiver
How she makes me smile
With all this love I have to give her
Guess I'm gonna stay with her awhile.

(instrumental)

(They both sing now with her saying he and she saying her, etc...)

How heshe makes me quiver
How heshe makes me smile
With all this love I have to give himher
Guess I'm gonna stay with you awhile.

Her...(whispered)
I guess I'm gonna stay.....
