Walking wild at midnight

Breathing like a panther

Holding hands with my love

Dancing like a master

Calling all destroyers

Shadow beach burgundy

Get you high as lightening

Driving in your Porsche coupe

Don't marry Fanny Frightening

Calling all destroyers

Walking wild at midnight

Breathing like a panther

Holding hands with my girl

Dancing like a master

Mixing with the moon maids

Melting with a zip gun

King Kong, bang a gong

All around your boudoir

Calling all destroyers

Destroy
