I'm on my back again

This is the best way to make friends

I've been here since quarter to seven

Kiss your lips and I'm in heaven

'Cos I, I, I, like girlz

You can call push over you can call me your slave

You can call me anything just don't call me Dave

I crawl one thousand miles into the burning sun

To chase your highway to heaven with the tip of my
tongue

'Cos I, I, I, like girlz

I'm on my back again

And I've got a brand new friend

shut your eyes count to eleven

I'll be your *beep beep* angel at the gates of heaven

oh yeah

oh yeah

oh yeah

'Cos I, I, I, like girlz
